Choir Support
Package 20/21

Aims and Content

What is our aim?

We aim to help embolden teachers and educators with the skills and confidence to become an ensemble leader in their school. Be that with a school choir, singing assembly or bringing singing into the classroom, we understand that there are many ways that an educator can become an ambassador for singing culture in their school.

What is included?

You are invited to a range CPD's covering topics such as; conducting - the basics, leading a warm up, repertoire, diversity in your choir, building energy into your choir and choir etiquette.

You will need access to our Google Classroom, please have a preferred google account ahead of the first CPD.

What else is included

You will also receive a school visit where a music leader will visit your school to see you in action and provide support and feedback. You can request two visits across the spring and summer terms to be booked directly with your Choir support lead

Carolinehallam@redtape.org

Charlottebroadbent@redtape.org

You can also take advantage of private singing lessons. A chance for a vocal check in and learn how to protect your voice. Again, to be booked directly with your Choir support lead. Lessons will take place at Stadia, via Zoom or in your school if suitable.

Either 1 hour lesson or 2 half hour lessons across the spring and summer terms.

That's not all..

You will have the opportunity to shadow a professional Music Leader in a variety of ensemble settings, from choir leading to classroom singing, to singing assemblies. These are arranged at your leisure, there are numerous opportunities throughout the year that you can take advantage of.

Please note, this is dependant on permission granted from other schools.

In addition, you will become part of an online community of primary school ensemble leaders where you will be given access to resources and the opportunity to communicate with fellow leaders.

Visits and lessons must be booked with a minimum of 4 weeks notice. While we will endeavour to support your timetables when possible but we cannot guarantee catch ups will be available if appointments are cancelled.

we look forward to
making music with you
